

# HOSOKAWA ALPINE

Process technologies for tomorrow.

## NEW!

FOR LARGE  
VOLUME AND BULKY  
PLASTIC PARTS

*The economical size reduction*

## » POLYMER-LINE Granulator PL-X 45/100

- ✓ Allround Granulator made by the inventors of the cross-scissor-cut rotor
- ✓ Economical size reduction with minimized dust generation
- ✓ Tangential material intake for reliable acceptance of product and minimized splash back
- ✓ Dual acting electro-hydraulic unit for easy cleaning and maintenance
- ✓ Rotatable screen / stator knives usable on four sides
- ✓ Varied feeding options selectable
- ✓ Tailor-made suction systems and granule dedusting systems in program

**120 YEARS OF SIZE REDUCTION MADE US GREAT!**
